SANTA BARBARA COUNTY SHERIFF'S DEPARTMENT

## Crime Scene Investigations

Presented by SBSO Forensics Unit

**Course Description:**

This is a 40 hour POST certified hands-on course designed for sworn and non-sworn staff who are responsible for crime scene processing, photo-documentation, collection of evidence, and evidence processing. This course utilizes practical demonstrations and exercises that enable students to:

- Properly protect and manage crime scenes
- Document a crime scene through the use of digital photography, video-documentation, and crime scene diagrams
- Use proper evidence collection techniques for evidence preservation
- Understand and maintain chain of evidence
- Use a variety of chemical/physical techniques for the development of latent prints, collection of shoe/tire impressions, collection trace evidence, etc.

**Dress Code:** Business casual. Shorts, tank tops, or open toed shoes are strictly prohibited.

To make a positive difference with our employees and the communities we serve and protect
